Sasso di Luna Orcia Sangiovese DOC

An authentic Sangiovese. Orcia Rosso is a wine made from grapes grown on the youngest vines in the Val d'Orcia UNESCO Park, in the municipality of Montalcino.

A 100% Sangiovese Grosso wine, conceived to fully represent the fruit's expression, in keeping with Tuscan tradition.

Aged in large barrels for approximately five months to preserve the traditional flavour of Sangiovese and enhance the fruity and floral aromas typical of this area.

Delicate and well-balanced, notes of small red fruits, blackcurrant, blackberry, plum and violet stand out on the nose. A structured and at the same time easy to drink wine.
